Take A Trip To Washington, D.C.

GRTI is looking for Gila River high school students to spend time in Washington, D.C. this summer!

Every summer GRTI selects two youth from Gila River to represent GRTI at the Foundation for Rural Service (FRS) Youth Tour. The four day trip is to Washington, D.C. with all expenses paid by GRTI. They will join other youth from rural America in Washington, D. C. to learn about the telecommunications industry as well as visit the monuments and museums.

GRTI is a member of the Foundation for Rural Service founded in 1994 by the National Telecommunications Cooperative Association. FRS promotes, educates and advocates telecommunications issues in rural America. The trip is educational and gives high school students ages 16 to 17 a chance to learn a little something extra over vacation.

What are the eligibility requirements?

- Have Completed Junior Year of High School
- (Entering Senior Year in August/September 2010)
- Be 16 or 17 Years of Age
- Provide Two Personal References (i.e., Teacher, Counselor)
- Submit Grades (Evaluated on Academic Standing)
- Be an Enrolled Member of the Gila River Indian Community
- Submit an Essay Related to the Telecommunications Industry
- Submit a biography & current photo

Applications are due by April 2012. Contact Melanya Pasqual at (520) 796-3333 for more information and actual deadline date.

Gila River Telecommunications Inc.

Gila River Telecommunications, Inc. (GRTI) was established on July 6, 1988 for the purpose of providing the Gila River Indian Community with affordable telephone services. GRTI has grown with the vast growth of the community and providing a variety of telecommunication services. GRTI has a work force of 62 employees, with almost 65% being Native American and Community members. There is a five-member board who oversees GRTI and they are all GRIC community members.

The GRTI building and Network Operations headquarters in the Lone Butte Industrial Park provides more services for residential and business opportunities on the Gila River Indian Community.

In the beginning, about 20 percent of the residential homes on GRIC had phone service. If a resident wanted phone service, they were sometimes quoted thousands of dollars by Qwest. One house hold was quoted \$24,000. The Gila River Indian Community took action and first started with two customers in 1988. From that humble beginning, the infrastructure has grown to accommodate about 63 percent of the households on GRIC.

GRTI has more than 3,400+ access lines which includes business and residential. This includes phone lines, Internet, High Speed (DSL) Internet and data lines. GRTI continues to bring the latest services and next generation technology to the community. This includes an improvement plan with more than 200 miles of fiber optic cable to date.

As a 25% owner of the Gila River Cellular General Partnership RSA-5 of Arizona, GRTI's partnership is part of the Verizon service area. This is made up of Pinal and Gila

counties, including the Interstate 10 between Phoenix and Tucson. Verizon Wireless is the managing partner of the Gila River Cellular General Partnership. GRTI also started two subsidiaries, Native Technology Solutions and Alluvion Communications. They focus on offering business services in and around the Phoenix metro area.

GRTI continues to strive to bring quality service to the more than 600 miles of boundaries of the Gila River Indian Community.

Alluvion Communications

Alluvion Communications is the Competitive Local Exchange Company ("CLEC") owned by Gila River Telecommunications, Inc ("GRTI"). GRTI provides telecommunications services throughout the seven districts of the Gila River Indian Community, Alluvion Communications provides telecommunication services to businesses and government organizations (schools, libraries, hospitals, etc.) located outside and beyond the borders of the Gila River Indian Community.

An important distinction between GRTI and Alluvion Communications is that Alluvion Communications only provides commercial telecommunication services while GRTI provides both residential and commercial telecommunication services. Still, the most important distinction between the two companies is that Alluvion Communications provides services beyond the borders to the Gila River Indian Community. Alluvion Communications is authorized to transact telecommunication services within the state of Arizona by the State of Arizona "ACC" or Arizona Corporation Commission, Utility Division.

Services offered by Alluvion Communications include:

Wholesale Telecommunications Services

For large bulk users of telecommunications services who then wish to retail telecommunication services to individual end-user customers.

Hosted PBX Services

for customers who don't wish to own or maintain PBX equipment but still need the features and functions of a PBX (Private Branch Exchange) such as call transfer, call hold, three-way conference calling, voice mail, etc.

480/602/623 Area Code Numbers

to businesses located within and around, but not limited to, the Lone Butte Industrial Park. This service allows customers located in the Phoenix metro area the ability to call your business phone number without incurring toll or long distance charges and gives the business a virtual appearance as local to the area code.

If you are a business using this directory and located outside the local service territory of GRTI and the Gila River Indian Community, please consider using Alluvion Communications for all your telecommunication needs, large or small, local or long distance, virtual or actual.

You can expect your bill by the 1st of every month.	Current bill is due the 15th of the month unless on a weekend.	If you have Not paid on the previous month bill PLUS the current bill, customers will be disconnected. Call for payment arrangement.

Total amount* due plus a \$35 reconnect fee is required to restore services.

*Outstanding phone bill will need to be paid in full to reconnect telephone service, calling features, long distance, or Internet.

Billing Disputes

GRTI retains the right to disconnect service for non-payment of telephone charges. A customer may dispute a bill, or any charge on a bill, by calling, writing or visiting a Customer Service & Sales Representative at GRTI offices. The Customer Service & Sales Representative will investigate the question or dispute and report the findings to the customer. GRTI will not disconnect service for non-payment of a disputed charge while GRTI investigates, provided that all other undisputed charges are paid when due.

If the customer is dissatisfied with the results of the investigation, he or she may request a meeting with the Customer Service & Sales Supervisor. If still dissatisfied, the dispute may be taken to the General Manager, who will have the final authority to resolve the dispute. At any time in the process the customer will have the opportunity to present any facts or documents relating to the disputed bill.

Only after this process is completed, and if the matter is resolved in GRTI's favor, will service be disconnected.

The Gila River Indian Community Council has the authority to hear and resolve billing disputes after the procedure described above has been completed.

AlertOne®

The Alert One unit is an emergency response unit for the home. It is a white box about 9"x6" in size. There is a second model type for the Alert One unit, it is grey and silver. Both units have a pendant with a red button.

If a person cannot dial 911 from their home phone, they can press the Red Button on the Alert One unit or the button on the pendant. When the Red Button or pendant is pressed, a call is placed to the Sacaton Police Dispatch as an emergency call.

The Alert One units will only work in the homes located on the Gila River Indian Community.

Long Distance Calling

Long Distance Rates

Rates are lowest when you dial the call yourself. Rates, rate periods and holidays will be provided by your chosen carrier. Instructions may differ in accordance with the long distance carrier used. GRTI is able to block collect and third-party calls as well as provide competitive long distance rates without additional fees or monthly charges. Choose Gila River Long Distance to get 6.9¢ per minute.

Types of calls:

- **Toll Free – No Charge**

You may call free of charge to telephone numbers in the 800, 855, 866, 877 or 888 Area Codes. Dial direct to numbers that are preceded by the Area Code 800, 855, 866, 877 or 888*.

*Some 800, 855, 866, 877 or 888 numbers are not toll free. 1+800+number

- **Direct Dial – Lowest rates**

You can save money by dialing all your calls direct without involving the operator.

- **Calling Card – Higher rates**

Customers who have telephone calling cards may charge calls to their card number. Customer dialed calling card calls cost more than dial direct rates because some operator-assistance charges may apply. These charges are in addition to the dial direct rates. Refer to dial instructions on back of card.

- **Operator-Assistance – Highest rates**

Operator assistance is required to make the following types of calls. Charges in addition to the dial direct rates will apply. To use, dial 0+area code+number.

— **Station to Station:** Call station-to station if you wish to talk with anyone who answers. Charging begins when the call is answered.

— **Person to Person:** Call person-to-person when you wish to talk to a particular person or extension. Tell the operator you wish to make a "person-to-person" call. Rates are higher than station-to-station. Charging starts when talking begins.

— **Collect:** You can call collect if the person you are calling agrees to pay the charge. If you want to make a collect call, be sure to tell the operator when you place the call. The operator will leave the line when the person you've called accepts the charges. To call collect dial "0" for the operator.

Long Distance Dialing Instructions

The following instructions should be used when placing long distance calls. To use your pre-selected long distance company, dial "1+ or 0+." To use other long

distance companies, dial "1" or "0" "1" plus the four digit code (XXXX) assigned to those companies. There is no need to use 1 + 520 when calling within Gila River.

Equal Access Information

Equal Access is the provision of local network connections that are equal in type and quality to all long distance companies on a non-discriminatory basis. Its implementation is required by the Federal Communications Commission. Along with Gila River Long Distance we do offer a list of long distance carriers.

With Equal Access you will be able to select a long distance company including Gila River Long Distance, to handle your local toll (Intralata) and long distance (Interlata) calls, which you will automatically access when dialing "1+." For more information about Equal Access, call our Customer Service and Sales Center at 520-796-3333. Changes in the telephone industry have made it possible for both your long distance and local telephone companies to compete for your toll dollars.

Long Distance Calling

In addition to area codes, the country is divided into areas called LATAs (Local Access Transport Areas). These boundaries determine which companies handle your long distance calls.

Calling within Gila River

To place calls within Gila River, use 7-digit dialing. XXX-XXX

Calls within your calling area (LATA):

Gila River Telecommunications, Inc. provides complete calling services to points within your LATA. Or, you may use any of the long distance companies serving your area by first dialing their seven digit access code (101XXXX). Otherwise, your calls will be handled by the long distance company you chose when you ordered your telephone service.

Calls between calling areas (LATAs):

You may use any of the long distance companies serving your area by first dialing their seven digit access code (101XXXX). Otherwise, your calls will be handled by the long distance company you chose when you ordered your telephone service. For the names of long distance companies serving your area consult Gila River Telecommunications at 796-3333.

RATE DISCOUNT AND APPLICATION PERIODS

Some carriers other than Gila River Long Distance may charge a convenience fee to have their long distance calls integrated on your GRTI phone bill. Other carriers may also charge

a monthly minimum fee in order to give you their discounted

rates. When you choose Gila River Long Distance you will get a a discounted rate for all long distance calls without a convenience fee or minimum monthly charge.

Within your service area direct dial rates vary depending on what time of day you make your call. The evening rate also applies on certain holidays: New Year's Day, Independence Day, Labor Day, Thanksgiving and Christmas Day. (Verify actual holiday calendar day by dialing the Operator.)

See your long distance carrier for discount rates and call plans.

To subscribe to Gila River Long Distance as your long distance carrier please call 796-3333.

Calling Features

Caller ID - \$3.50 - Identify callers before you pick up the phone with Caller ID. Caller ID shows the incoming caller's phone number, plus the date and time of the call on a special display unit (sold separately). Caller ID is a great deterrent for prank phone calls.

Warm Line - \$2.00 - Allows a customer 30 seconds to dial a number before a predesignated number is automatically dialed. Warm Line is ideal for elderly persons, children home alone or for emergencies.

Teen Line Service - \$3.00 - Allows you to add an additional telephone number while using your existing phone line. This additional number has a different ringing tone to distinguish between incoming calls. With Teen Line there will be no more mad dashes to the phone to answer someone else's calls, because you or your teen can instantly tell who the incoming call is for.

Standard Call Forward - \$2.00 - With Call Forwarding, even when you're on the run your calls can follow you wherever you go: like to a friend's house, the office your relative's place – even the office of someone you do business with. Key commands: *72 (on) - *73 (off).

Call Forward Don't Answer - \$2.00 - You've just arrived to work and your phone rings at home. With Call Forward Don't Answer activated, anyone dialing your home phone can automatically be transferred to any phone number you specify, such as your work phone (or visa versa), if the call isn't answered within a predetermined number of rings. Key commands: *78 (on) - *79 (off).

Call Forward Busy - \$2.00 - For customers or friends trying to reach you on the phone, a busy signal is more than an inconvenience – it could be costing you money. With Call Forward Busy, if someone dials your number and receives a busy signal, the call can automatically be transferred to another number you specify – such as your spouse, business partner, co-worker or assistant, even if they're somewhere else. Key commands: *90 (on) - *91 (off)

Call Forward Remote Access - \$2.00 - Call Forward Remote Access can be used to turn off or change the number your calls are forwarded to from a touch-tone phone with touch-tone services. Key commands: *72 (on) - *73 (off)

Call Waiting - \$3.00 - You won't miss another important call! When you hear a special tone, simply put the first caller on hold and answer the second call. Call Waiting puts the power to regulate calls at your fingertips.

Distinctive Ringing/Call Waiting - \$2.50 - You're on the phone with a friend. Call Waiting lets you know if someone is trying to reach you. If the caller is someone important such as your boss, spouse or client; Distinctive Ringing/Call Waiting identifies important calls with a distinctive Call Waiting tone or ring. Other non-priority calls receive the usual Call Waiting tone.

Speed Dialing - \$2.00 for 8 or \$3.00 for 30 You can program up to eight important or frequently called numbers with 8 Number Speed Dialing, or up to 30 numbers with 30 Number Speed Dialing, then dial them simply by pressing a three-digit code. And it works from every phone on that line. Key commands: *74 (phone numbers for 8 frequently used numbers), *75 (for up to 30 numbers)

Three-Way Calling - \$2.00 - With Three-Way Calling, you can talk to two different parties in two different places at the same time. You'll save time by being able to make arrangements and solve problems faster. Whether calls are local or long distance you'll enjoy two-party clarity in every three-way conference call.

Automatic Callback - \$2.50 - Automatic Callback continues to dial and re-dial busy numbers, alerting you as soon as busy lines become open again. It even allows you to continue to make and receive other calls, while Automatic Callback pursues those callers with busy phone lines. Key commands: *66 (on) - *89 (off)

Selective Call Forwarding - \$2.50 - For years, people have left home for the evening wondering what important calls they might be missing, wishing there was a way calls could hunt and find you. Call Forwarding is the system that makes special pre-selected calls reach you when you are away from home or office. Expecting an important call? Simply program in their number and let Selective Call Forwarding send calls from those numbers to you. Key commands: *63 (on) - #01# (add)

Selective Call Acceptance - \$2.50 - You've just sat down to a family dinner when your phone rings. Is it a call from someone you want to talk to or another unwanted sales call? With Selective Call Acceptance, you program in the phone numbers of those callers you know you'll wish to speak to if they should call. Key commands: *64 (on) #01# (add)

Selective Call Rejection - \$2.50 - Perhaps it's a persistent teenage caller or sales person who won't take "No" for an answer. With Selective Call Rejection, once you've given your telephone the numbers of unwelcome callers, they'll get the message! Key commands: *60 (on) - #01# (add)

Voicemail - \$6.95 - If running to the phone only to have them hang up by the time you pick it up if this describes your busy household, with voicemail you can be assured that you will never miss important calls from friends and family again. Check it with ease while at home or on vacation! How great is that?

Stutter Tone Notification - You will be notified of new voice mail messages with a stutter dialtone when you pick up the phone.

No matter what features you select you'll find that the services are simple to use. They will make life easier by making your phone work harder. For your convenience, GRTI has created bundles of services that you can customize. Call GRTI at 520-796-3333 and upgrade your telephone!

Getting A New Home?

If you are moving into a new home, congratulations! It's an exciting time for the family

Bringing phone service to a home that has never had service before can be a lengthy process. We have offered some tips to make sure the process runs smoothly for everyone.

1 If you currently have GRTI phone service, you will need to fill out an **application and Service Line Agreement** for your new home phone service.

2 Contact GRTI at least four weeks PRIOR to your move in date. If you wait, there could be a delay in your installation.

3 When the district gives you a more definite move in date, contact GRTI Customer Service at 796-3333.

Dig Safely.
602-263-1100
1-800-STAKE-IT

Planning to dig on your property? Call:
Arizona Blue Stake at 800-782-5348

Why call Arizona Blue Stake?

Arizona Blue Stake notifies all utility companies in the area that you will be digging. Utility companies respond by marking their utilities or notifying them there are none in the area.

You could cut a phone line or another underground utility causing a disruption of service at your home or a neighbor. If you do not call, you could be billed by the utility company if there are any outages.

Travelling Tips

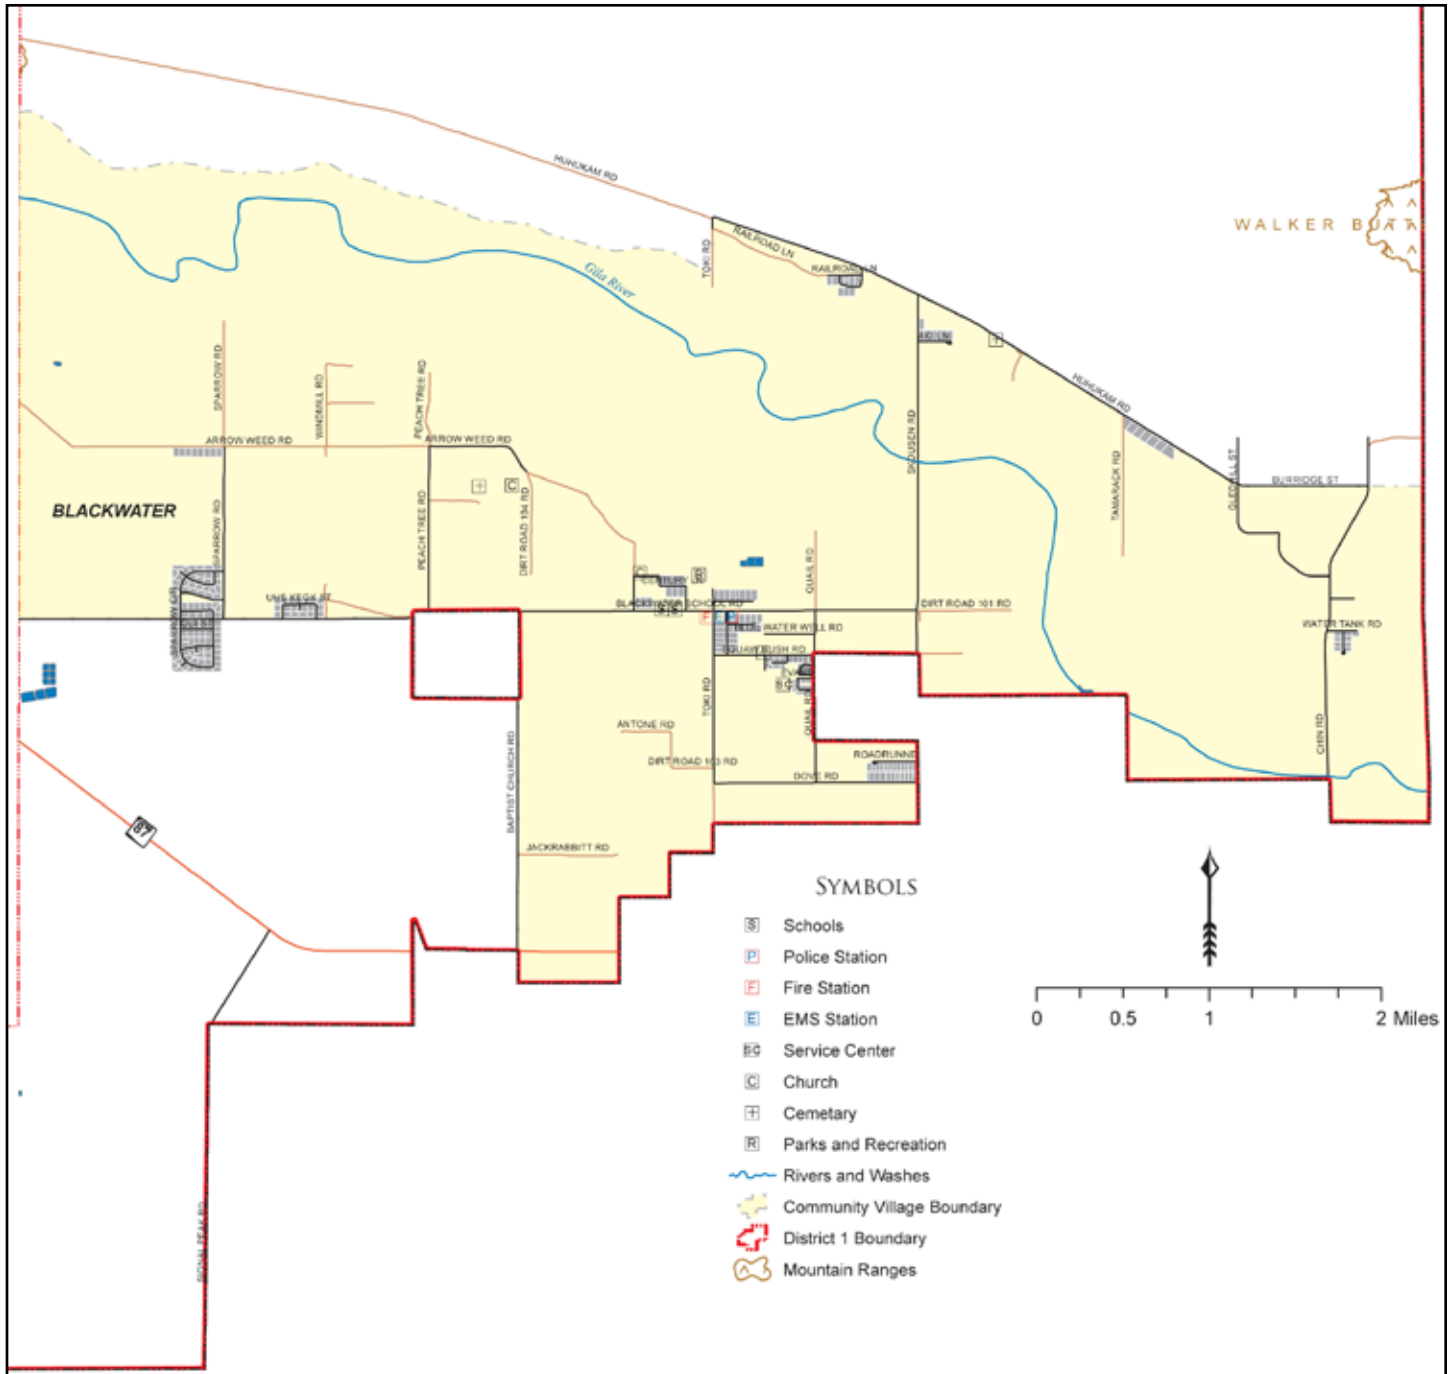

1. Arrive two hours before flight departs.
2. Avoid wearing clothing, jewelry or other accessories that contain metal.
3. Wear shoes that are easy to take on and off.
4. Liquids, gels and aerosols should be in a 3 ounce bottle or less. All liquid containers must fit into a 1 quart-sized, clear, plastic, zip-top bag.
5. One quart bag per passenger.

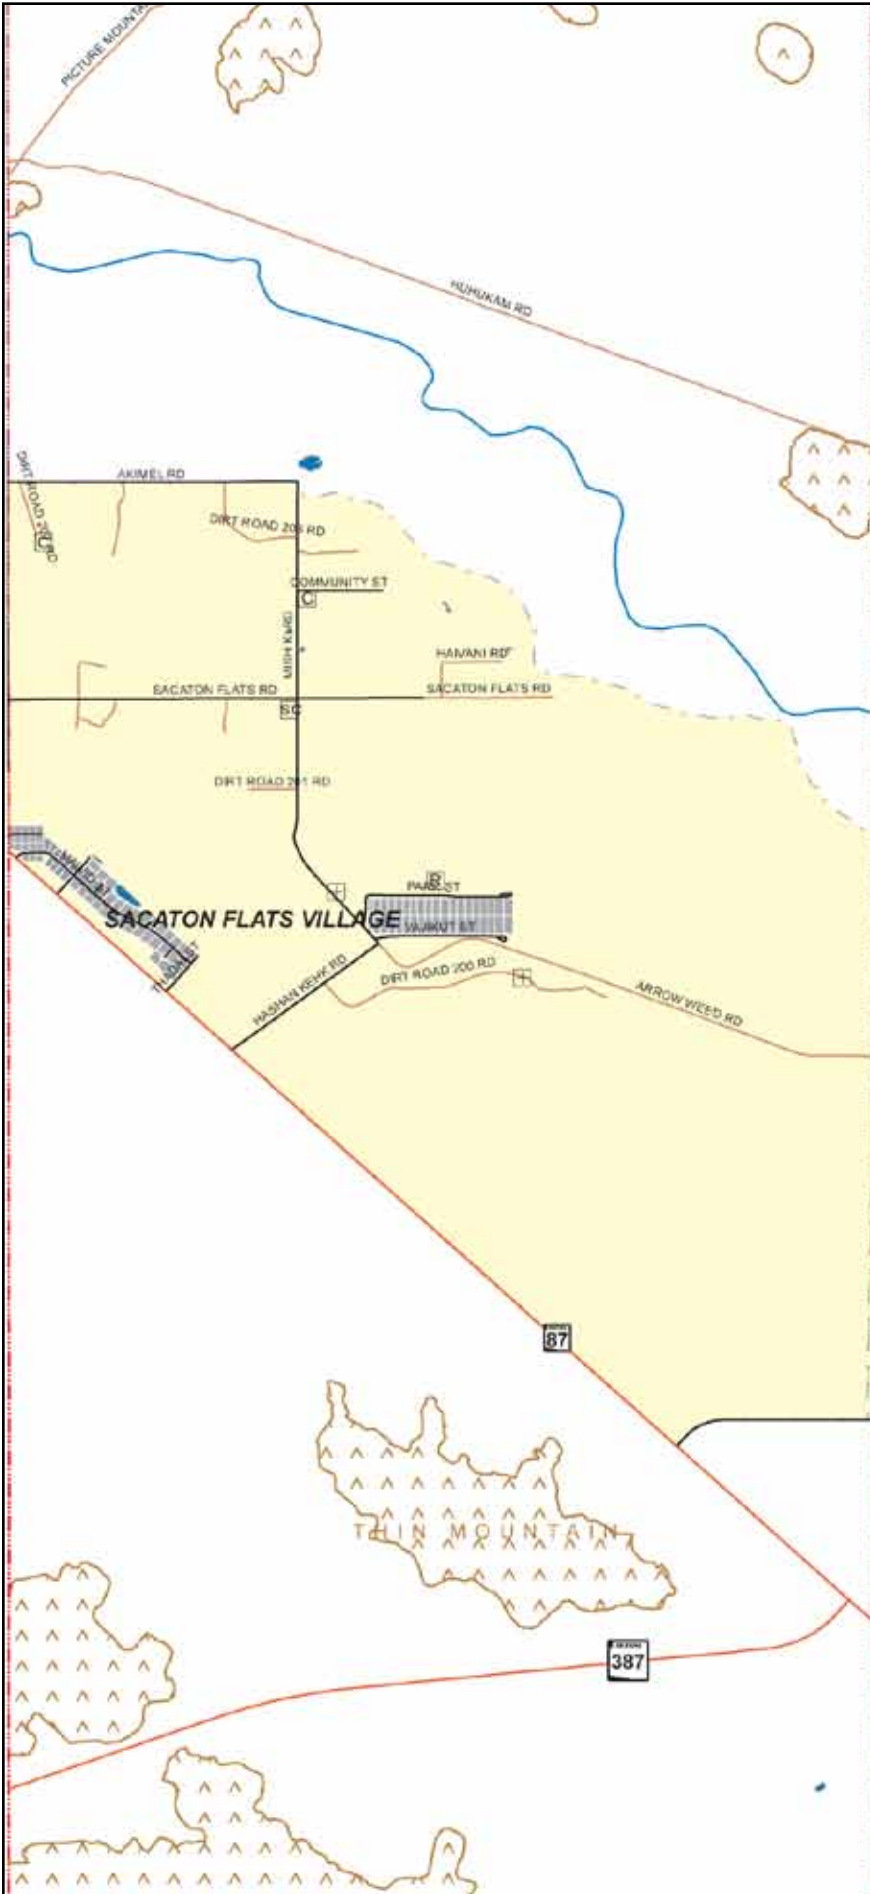

Passengers are allowed 1 carry on bag and a personal bag such as purse, backpack or laptop bag. If in doubt, put your liquids in checked luggage. Declare larger liquids. Medications, baby formula and food, and breast milk are allowed in reasonable quantities exceeding three ounces and are not required to be in the zip-top bag. Declare these items for inspection at the checkpoint.

Come early and be patient. Heavy travel volumes and the enhanced security process may mean longer lines at security checkpoints.
